

Creating happiness, protecting smiles

Our brands and corporate umbrella is devoted to enriching lives in Bangladesh. And, this goes beyond the delivery of high quality products.

Health, education, and women's empowerment are areas where we focus our social initiatives. The Lifebuoy Friendship Hospital, Fair and Lovely Foundation, Pepsodent Dentibus, and sponsoring schools for underprivileged children, are only some of our endeavors to uphold corporate social responsibility.

We protect the environment that we operate in, and actively participate in developing the business infrastructure in Bangladesh through our extensive demand and supply chain.

We deliver, responsibly.
